Dear Harold —

Eleven years ago today! and on the anniversary, I have just found in my mail a copy of Whitewash IV. My most sincere thanks for your kindness in sending me an inscribed copy. I am avid to read it — fortunately I have the weekend ahead in which to do that.

I am enclosing a check for two copies but do not send a second one just yet. I hope you will have no unsold copies but if you do, there will be time enough.

Harold, the book looks really like a block buster. All my appreciation and admiration for your continuing and brilliant contributions, and Congratulations also to Jim Lesar, for whom I have real liking.

As always,

Sylvia
